

I listen to K-Love on FM 91.1 in Denver. I also support this channel financially.

I want you to know that this channel is very important in my life and the lives of my wife and children. K-Love provides Christian Music in a wholesome, commercial free environment. If K-Love is replaced by an LPFM broadcaster, this will be a very sad day for my family and the millions of K-Love listeners.

Please do not replace my favorite station with an LPFM provider.
